

HELPING LEADERS THRIVE

DR. RAMESH RICHARD

President, Ramesh Richard Evangelism and Church Health, RREACH

Founder, Trainers of Pastors International Coalition [TOPIC]

General Convener, Global Proclamation Congress for Pastoral Trainers

“Untrained and isolated pastors faithfully minister where Christ’s Church is numerically growing. Church health, unfortunately, is not keeping up with church growth. I believe strengthening pastors stands at the epitome of missions strategy today. Asian Access strategically and effectively equips pastoral leaders in needy regions so churches can grow to be spiritually healthy. I am honored to serve on their reference council.”

JOE HANDLEY

President, Asian Access

“The local church is at the heart of God’s purpose in the world. That is why we are so committed to empowering pastors for the call and vision that God has for their life, ministry and nation. We believe that healthy pastors will reproduce healthy disciples and healthy churches.”
